

Comparative Adverbs

Comparative adverbs compare how, when, where, or to what extent **TWO** actions are performed. They show that one action happens “more” or “less” than the other.

For short adverbs, add an “**~er**”. For longer adverbs, add “**more/less**”.

Directions: Use the given word as a comparative adverb in a sentence. Do not change the given word into a different word. The first one is done for you.
