

# Irregular Verbs

Irregular verbs do not follow the usual rules and patterns when turned into past tense.

**Directions: The paragraph below consists of 7 mistakes regarding irregular verbs. Underline all the mistakes and write the corrected form underneath.**

Last year, a team of scientists go deep into the Mariana Trench to study its mysteries. They finded strange glowing fish that no one had seen before. As the submarine drived further down, the pressure grew enormous. One diver accidentally brang a tool that wasn't suited for such depth. Still, the crew maked careful observations and writed notes about the environment. In the end, they swimmed near a thermal vent and marveled at the life that thrived there.

At the start of the cooking competition, one chef breaked an egg onto the counter by accident. Another choosed to prepare sushi but forgot the rice. Earlier, he had went to the pantry and grabbed the wrong kind of vinegar. The pastry chef had saw that her soufflé was sinking, but she did nothing. One nervous contestant runned to the oven and almost burned himself. By the time the judges arrived, the team had took their dishes out too soon and had wrote sloppy descriptions on their menus.
