• _____house

Directions: Tanner's journal entry contains 10 errors related to compound nouns. Cross out all of the mistakes and write the correct version underneath.

Shopping Sunday.

Last Sunday, I was sitting around my diningtable, and was bored out-of-my-mind. I decided to call up my bestfriend Tommy to go to the shopping-mall. On the way to the mall, I stopped by Jackinthebox and got chickenfingers which is my favorite food. My best friend and I looked at basket ball shorts in several stores, but didn't purchase any. We spent two more hours talking about his middleschool sweet heart and his brother in-law. Even though we didn't shop until we dropped, Tommy made my Sunday a lot more entertaining and memorable.
