

# Transitive and Intransitive Verbs

A transitive verb is a verb that is done to a direct object, someone or something.

Ex) I **kicked** the ball. (The ball is the direct object)

An intransitive verb does not need a direct object.

Ex) I **slept**. (No direct object is needed)

**Directions: Underline the verb in the sentence. Then, write in the blank space T if it's transitive, and I if it's intransitive.**
