

Compound Nouns

- Ex) Tooth + Brush = Toothbrush

HINT: There is a total of 16 compound nouns.

A stylized illustration of a white seagull in flight, facing left. The bird has a white body, a yellow beak, and blue-tinted wings and tail. Its wings are spread wide, showing the underside of the primary feathers. The background is a solid light blue.

Directions: Write a journal entry about a dream you had, and include 8 compound nouns. If you don't remember your dreams, make one up!

This image shows a full page of handwriting practice paper. It contains ten identical rows of horizontal guidelines. Each row is composed of three parallel lines: a solid black line at the top, a dashed black line in the middle, and another solid black line at the bottom. These lines are evenly spaced across the entire page to help students practice letter height and placement.
